

***Radio Link is live streaming receiver***

***for internet radio broadcast***

***Good added functions to control your operation***

#### TECHNICAL FEATURE

Decoded audio Digital to Analog

Live stream support for http:, Shoutcast, Icecast

Plays MP3 streams from M3U playlists

Stereo audio output is high quality

Function to control the operation

- Temperature Detector
- AC Power On

Web browser monitoring and control

High performance

Support for installation on rack 19 "

#### Applications for

Government

Restaurant

University

Museum

Hospital

Factory

Temple

School

Resort

Store

Hotel

## Technical Specifications

|                       |  |
|-----------------------|--|
| System                | Microcontroller for embedded applications    |
| Live Stream           | http:, Shoutcast, Icecast                    |
| Decoder Formats       | MP3,PCM                                      |
| Bit Rate              | 16,32,48,64,96,128,192,256 kbps)             |
| Communication Network | TCP (http:)                                  |
| Streaming Setup       | IP Address M3U playlists                     |
| Power Status          | 1 LED  |
| Link Status           | 1 LED  |
| AC OUT Status         | 1 LED  |
| Switch Control        | 1 Toggle Switch (Manual and Internet)        |
| Sensor                | Temperature,Humidity                         |
| Speaker Impedance     | 8 Ohm  |
| User Interface        | Browser (http:) to Control and Configuration |
| LAN                   | RJ45,10/100 Mbit Ethernet                    |
| Audio Output          | 2 RCA (Left+Right)                           |
| RS-232                | 1  |
| RS-485                | 1  |
| BNC                   | 1  |
| AC Power Output       | 2  |
| Cooling Fan           | 1  |
| AC Power Requirements | 220 Vac,50 Hz                                |
| AC Fuse               | 5A   |
| Operating Temperature | 0 - 60 C                                     |
| Dimensions            | 44.5 cm H x 6.6 cm W x 30 cm D (1.5U)        |
| Rack Panel            | 19"  |
| Weight                | 2 kg   |
| Cellular Network      | N/A  |
