

Dummy Load (DML-15050NM)

Features

- Wide coverage, DC to 1.5 GHz
- Heat sink construction
- Test equipment
- HF/VHF/UHF applications
- More connector available

General Specifications:

Frequency Range	: DC to 1.5GHz
Power rating	: 50 watt (continuous), 100 watt (peak)
VSWR	: 1 GHz < 1.20, 1.5 GHz < 1.55
Impedance	: 50 ohms (normal)
Connector	: N type male

Physical and Environmental Specifications:

General	: Dummy load
Operating Temperature	: -10°C to +80°C
Size	: 10.0 X 9.0 X 7.0 cm. (W x H x D)
Weight	: 0.4 Kg.
